Feb 2025 - May 2025  
Coding Spoon, Bhilai

## PORTFOLIO

[GitHub link ↗](#)

## PROJECTS

**[Netflix WebDev ↗](#)**  
Aug 2025  
  
A simple Netflix landing page clone built using HTML & CSS. This project focuses on practicing front-end design skills like layout, responsiveness, and styling.

**[Hostel Complaint App ↗](#)**  
May 2025  
  
The Hostel Complaint App is a web-based platform designed to streamline the lodging of complaints by hostel residents. It enables users to submit issues related to maintenance. The app ensures transparency, accountability, and faster resolution through a user-friendly interface and backend support powered by Microsoft Azure AI services.
